

CR 100

Courtroom Annotation System

FOCUS JUDGE & JURY ATTENTION

by drawing or highlighting over details in documents, photos, slides or AV images.

DESIGNED SPECIFICALLY FOR COURTROOMS

Since its inclusion in the famously televised O.J. Simpson trial in 1995, Pointmaker has advanced courtroom technology with the most robust annotation features. With the CR-100 model we've streamlined the features to meet the requirements specified by courtroom design consultants. This simplifying concept also makes the product easier to install and easier for attorneys, judges and witnesses to use.

COLOR PRINTING

The CR-100 supports color printing to a Postscript printer.

OPTIMAL PERFORMANCE IN COURTROOMS

The CR-100 is based on a "1-in-1-out" concept (HDMI in/out) making installation straight-forward. In large courtroom installations, the Pointmaker CR-100 can be connected as an input to (and output from) a matrix switcher, allowing annotation over any video looped through the CR-100. You can also quickly connect the CR-100 in small courtroom installations that use only a laptop or document camera.

USB ON BACK PANEL

The case fits into a 1 RU and features all connections on the back panel, including USB. Rack ears available on request.

FASTER AND SMOOTHER SWITCHING

between AV sources connected to the Pointmaker. With refined features and simplified design, the CR-100 switches more smoothly and seamlessly, with increased reliability and compatibility.

HID COMPLIANT

The CR-100 not only works with hundreds of non-HID (Human Interface Device) devices, it also recognizes HID-compliant touch screens, allowing for a greatly expanded list of compatible models.

SAVE MULTIPLE ANNOTATED IMAGES

to your USB stick, TFTP, or by setting up a Windows Share on your computer, ready for future viewing.

CR 100

Courtroom Annotation System

FEATURES

- HDCP compliant.
- Scales HDMI video up to 1920 x 1200 resolution.
- HDMI audio pass-through
- Permits auto reset/reboot of the CR-100.
- Controllers:
 - approved touch screens
 - digitizing tablet
 - keyboards
 - electronic whiteboards.
- Clear annotations touch screen by touch screen.
- Unobtrusive reminder prompts in touch screen corners.
- Free PVI Trainer iPad app available to help you practice annotations before entering the courtroom

SPECIFICATIONS

VIDEO INPUT	One video input connector, 1 HDMI
HDMI	Digital video up to 1920 x 1080 (HDCP compliant)
VIDEO OUTPUT	One video out connector, 1 HDMI
HDMI	Digital video up to 1920 x 1200 (HDCP compliant)
AUDIO	HDMI pass-through
USB	4 USB 3.0 ports, plus one USB B port
NETWORK	LAN port for printing and saving images and third-party remote control
POWER SOURCE	+12v 72W 6A (center positive)
OPERATING TEMP.	Approximately 34° F to 131° F (0° C to 55° C)
DIMENSIONS	11.875" (W) x 1.75" (H) x 7.375" (D) (30.163 cm x 4.45 cm x 18.733 cm)
APPROX. WEIGHT	2.5 lbs (1.134 kg)
WARRANTY	One (1) year parts and labor
