

Large File Download Instructions

The file you are attempting to download is over 200MB. Because of the size of the file, Williams AV has it located on a special file server designed to transfer large files.

The server can be accessed at

link.williamsav.com/mktpi

using the password

williamsav

Firmware files are located in the **Firmware Downloads** folder.

This information can be confirmed on the webpage <https://williamsav.com/large-file-download/>
